CENTRALIA, Ill., May 25.—Despite their defeat and the capture of a quarter of their number yesterday, in Olin, the Duquoin miners made another attack on the Centralia miners before dawn today. Just about 3 o'clock about fifty of the strikers crept stealthily to the mines, which had been left lightly guarded in the belief that any attack, if made, would be on the armory, where the arrested men were confined under heavy guard.

The first known of the strikers' approach was a tremendous fusillade of bullets against the Mine Company's office. Fortunately there were no guards inside. The guards returned the fire with their Winchester and the attackers took to their heels. So far as known no one was hurt.

Assistance soon came to the guards and no further trouble occurred. A little after 9 o'clock the troops arrived, under Col. R. M. Smith, ordered, and the town was immediately put under military guard.

News reached here from Duquoin that 500 more strikers are endeavoring to steal a train and come here, while from Breese comes word that the strikers there are preparing to march. The troops, however, are not expected to resist any mob that may come. Sheriff Helms also has a large force of deputies now on duty, all picked men, who will not hesitate to act promptly in an emergency.

LANSFELD, Ill., May 25.—The coal companies have abandoned the mines here. An armed mob of miners are said to be on the way from Springfield Valley, and there is considerable apprehension as to the result.

Five companies of militia have arrived from Ottawa, Streator and Aurora, and are now going into camp in Rockwell, near Springfield. The end of the city. Their coming has done much to relieve the terror and anxiety of the people.

SPRINGFIELD, Ill., May 25.—Gov. Altgeld was in telegraphic communication with all the cities of the State, and municipal officials at Centralia, La Salle and other points where the strikers were rioting. He decided that troops must be called out. Sheriff Taylor, of La Salle County, wired that his force of deputies was unable to cope with the rioters, and that a mob was burning the hotel in which he was living.

Sheriff Helms, of Centralia, sent a report stating that five companies of the Fourth Infantry to report at Centralia and for four companies to report at Springfield.

Adj.-Gen. Ordrefoord will go to La Salle and East-Glen, Mo., to Centralia.

SPRING VALLEY, Ill., May 25.—A Polish striker was arrested and locked up yesterday morning. Last evening a mob of infuriated Poles and Lithuanians marched to the jail and liberated the prisoner. Other residents of the town attempted to arrest the ringleaders of the mob in the Polish district, but they were set upon by another gang armed with knives and missiles. Two officers were wounded.

Mayor Jack has issued orders to the police to not make arrests until the excitement has died down. The Knights of Labor have posted a circular urging the strikers to keep within the bounds of the law.

POMEROY, O., May 25.—Four hundred miners yesterday visited the mines which supplied the salt furnaces and other local industries with fuel and induced all the men to join the river strikers. This will close down all furnaces and iron mills. The strikers will cross the river to-day and move on to the salt furnaces.

LEAVENWORTH, Kan., May 25.—A decided reaction in the treatment of the visiting miners and strikers. The Trades and Labor Assembly held a conference with the men in camp and promised them protection and aid in case they were attacked by the local forces.

The miners of the Home and Kansas and Texas shafts have caught the spirit, and there is every reason to believe they will go out in spite of the action of citizens to protect and support them.

BATTLE AT CRIPPLE CREEK.

Mine Shaft Blown Up—Armed Deputies Hastening On.

(By Associated Press.)

CRIPPLE CREEK, Col., May 25.—Mayor Whiting to-day received a telephone message that miners from Bull Hill had surrounded the Independence and Portland mines, and that a battle was in progress.

Another message to the Mayor was to the effect that the shaft-house of the Strong mine had been blown up. The town is in a terrible state of excitement and it is believed a serious conflict is inevitable.

The message said the train from Denver bringing the armed force of deputies and Sheriff Bowers had not arrived at Victor.

LATER—A wagon load of powder was backed up against the shaft house of the Strong mine by strikers and exploded. Several men were in the shaft-house a short time before. Whether they got out alive or not is not known.

All telephone wires leading into the hills have been cut, and it is feared the telegraph wires will go soon.

It is reported the Denver deputies reached Victor and were immediately assaulted.

FEAR TROUBLE IN HACKENSACK.

Italian Strikers from Homestead Likely to Precipitate a Riot.

HACKENSACK, N. J., May 25.—Two hundred Italian strikers from Homestead are expected every moment to join the strikers here. They are carrying red flags, and it is thought they will create a riot.

In anticipation of trouble Deputy Sheriff Beshor has sworn in Garry Dawson, John Garry, P. E. Hendon and several others as special deputies.

MINERS' STRIKE BULLETINS.

The strike in Apopocatepec County, Ia., is complete. No serious trouble has occurred. The district of the non-workers will develop.

The only mine in Illinois that has been opened during the coal strike, Nos. 6 and 7, at Stanton, were compelled to close down last night to prevent trouble and possible bloodshed.

The Colorado Fuel and Iron Company has secured injunctions to prevent the strikers marching in monthly installments. The strikers, with a large of deputies, will be met by the company's forces.

The strike in West Virginia, where the miners are working, after being out several weeks. This breaks the strike in the Kanawha Valley.

CAUGHT BY A "BUNCO STEER."

Oddy-Clad Darkey Wanted a War-

rant for a Stranger's Arrest.

Benjamin Calup, a picturesque old darkey, attired in a rusty black broadcloth suit, a Mexican sombrero, cowhide boots, and with an Allan Thurman red hat around his neck, walked into the office of United States Commissioner Shields this morning and asked for a warrant for the arrest of an unknown "bunco steer." He had failed to locate him, and wanted the Government to pay him a reward.

Calup said he was a defender at Port Richmond, S. I., and that together with a number of other State Islanders, he had been "taken in" by a bunco scheme.

About five years ago, he bought from a stranger what purported to be a \$100 Government bond, which he was told would pay him \$1,000. He never received any dividends; but instead was sent a number of lottery tickets in monthly installments. The tickets bore Hungarian, Spanish and other characters, which to Calup were unintelligible. Other residents of Staten Island, he said, had received similar tickets and paid for them, but got nothing out of them.

As Calup could not swear that the lottery tickets had been sent through the mails, Commissioner Shields refused to issue a warrant.

Calup subsequently informed an "Evening World" reporter that the lotto ticket man had claimed to have an office at 40 and Broadway. On call, he found the office occupied by a German bank and exchange. His "bunco steer" was not there.

Male Gave Her Money to a Much-

Married Man.

Max Landrosky, twenty-six years old, a tailor, of 16 Heister street, was held for examination in the Essex Market Police Court to-day on a charge of larceny, preferred by Lizzie Jacobs, a woman of 78 Second street. In September, Lizzie, who was anxious to get married, paid \$5 to a Schatchen named Goldman, who recommended Landrosky as a husband. She says the latter represented himself as a widower with one child.

Landrosky, she says, induced her to give him \$100 as a dowry. He took the money, and he also, she said, took a diamond ring from her, when he disappeared.

She accidentally met him in Stanton street last night and had him arrested. She then learned that Landrosky was living with his wife and three children at the above address, and that he had told an untrue story when he represented himself as a widower. Lizzie does not mind that, as she has also married. Landrosky denies her story.
